Activity Highlights

Showcasing Our Environmental Stewardship

We were honored to welcome the Council of Governors' Knowledge Management Unit as they documented community best practices in climate change mitigation & adaptation. They toured our tree nursery at Umala VTC, established by Eco-club members, showcasing our commitment to environmental stewardship and sustainability.

Promoting Safe Spaces for Young mothers

Together with Stawisha Africa and Siaya Young Women Alliance, supported by Children Rights and Violence Prevention Fund, our Siaya cluster has implemented a community safe space model. Empowering young mothers, we foster agency, confidence, and skills to navigate and overcome challenges in their environment.

Creating more partnerships

Possible partnership brewing! In February, we welcomed a team from Echo Network Africa for capacity assessment, exploring opportunities to empower women through Aquaculture Value in Siaya County. Exciting prospects ahead as we collaborate for women's empowerment

Promoting SRH services uptake among young women

In collaboration with the Ministry of Health in Siaya, Stawisha Africa Initiative, and fellow CSOs, we hosted a community forum in Siaya. Proudly, 80 young women from 2 wards accessed various Reproductive Health services and commodities, including contraceptives and Dignity Kits.

Activity Highlights

Modest Feeding Program Launch at Umala VTC

In February, our partnership with We One Action Network enabled us to support a modest feeding program at Umala VTC. The program is focusing on young mothers and their children within the institution thus providing conducive learning environment.

Building confidence and amplifying young women voices

In the second month of this year, we conducted power analysis sessions and documented powerful stories from the engagements, supported by French Embassy in Kenya under PISCCA DECID'HER project. These sessions reached 196 AGYW's from three sub-counties in Siaya County; Ugunja, Gem and Alego Usonga Sub-counties.

Building young community SRHR Champions

For a whole week in the month of February, we dedicated our efforts to building the capacity of Adolescents & young women as champions. With support from French Embassy in Kenya, we're disseminating accurate SRH information and working together towards SGBV prevention & response in Siaya.
